INDEX

Welcome to our highschool, CARPE DIEM!!!

- ❖ Our school
 - Our location
 - The school
 - What make us special?
- ❖ Carpe Diem and sports
 - Why practising sport?
 - How do we practise sports?
 - Competitions
- ❖ Erasmus: Out of the Dark
 - What do we hope to achieve participating in this Erasmus Programme?
 - Why astronomy?

THE SCHOOL: our location

The school is located in a town south of Madrid called Fuenlabrada. It is the fourth city in Madrid in population.

There are many schools for all ages (about 80). Our school is a state school and we are proud about it!

Our school's neighbourhood (Loranca) is like a small town within the town of Fuenlabrada itself. It is full of young people, green areas and parks.

The School

- ❖ Our school was set up in 2010 and in the present has 750 students and about 60 teachers and other members.
- ❖ Grades and years are divided into two different stages called:
 - ESO (4 years)
 - Bachillerato (2 years)
- ❖ Sports help integrating all the community members as well as help overcome social inequalities

The School Library and the Science Lab

Classrooms and Technology room

What make us special?

- ❖ Students in our school have a deep bond with sports and that's because of the school sports projects
- ❖ We have a sport club
- ❖ We also have a technological, environmental, English and Library projects.
- ❖ Sports competitions
- ❖ Some projects like: “4°+Empresa”, Proyecto tablet, Proyecto XXI, Science Fair.

Why practising sport?

Sports help us foster personal relationships as well as strengthen self-esteem

The main objectives of the sports project are:

- ❖ To promote healthy habits
- ❖ To be an active school in the town
- ❖ To be connected with the surrounding community
- ❖ To have a sense of continuity in practising sports
- ❖ To involve all members of the school community

How do we practise sports?

- ❖ There is an extra hour of PE every week
- ❖ There is an optional school subject
- ❖ We have specialist teachers in our sports
- ❖ We have a concession of municipal sports facilities our school for PE classes

Competitions

We also have a very successful Sports Club. Our teams achieved good results in the School Championships. There are sporting competitions among schools from all over the Community of Madrid

We are very happy with the sporting results that our teams got last seasons (2016/2017 and 2017/2018), we've won many awards in sports like:

Hockey

Volleyball

Erasmus: Out of the Dark

- ❖ What do we hope to achieve participating in this Erasmus Programme?
 - We want to establish ties with the students from the other countries that also take part in this Project.
- ❖ Why astronomy?
 - Astronomy can be considered a bond amongst all human beings since it studies the stars and other celestial bodies that can be observed by everybody from anywhere around the world.
 - Eventually, we can't deny how mysterious and attractive the universe is to us.
